

SHEHDS 8x12W RGBW Multicolor LED Bar Beam Moving Head Light With Flight Case Fast Shipping For DJ's Sets Venue Strong Daylight

SHEHDS 8x12W RGBW Multicolor LED Bar Beam Moving Head Light Review

When it comes to lighting solutions for events, whether it's a DJ gig, a concert, or a party, you want something that is not only effective but also budget-friendly. Enter the SHEHDS 8x12W RGBW Multicolor LED Bar Beam Moving Head Light with Flight Case. This impressive lighting fixture is designed to add flair to your performances without breaking the bank. In this review, we'll explore why this product is worth buying, how it compares to pricier alternatives, and provide honest pros and cons.

Why Choose the SHEHDS 8x12W Moving Head Light?

The SHEHDS 8x12W RGBW Moving Head Light is an excellent choice for anyone looking to

enhance their lighting setup without spending a fortune. With its vibrant multicolor options and impressive features, it's perfect for DJs, venues, and event planners.

Key Features

- RGBW Multicolor: Enjoy a wide range of colors with the red, green, blue, and white light options.
- High Power Output: The 12W LED lights provide strong illumination, making it ideal for both indoor and outdoor settings.
- Versatile Movement: The moving head allows for dynamic light shows, adding excitement to any event.
- Lightweight and Portable: The included flight case makes transportation easy and protects your investment.
- Fast Shipping: With free shipping options available, you can get your light quickly without additional costs.

Comparing with Pricer Alternatives

When you look at other moving head lights on the market, many come with a hefty price tag. For example, brands like Chauvet or Martin can cost several hundred dollars for similar features. Here's how the SHEHDS compares:

- Price: The SHEHDS light is significantly cheaper but offers comparable features, making it a cheap but good product.
- Performance: While high-end brands may offer more advanced features, the SHEHDS delivers excellent performance for most events.
- Portability: Many pricier models do not come with a flight case, which adds to the overall cost of ownership.

In short, if you're looking for quality without the steep price, the SHEHDS 8x12W is a fantastic option.

Pros and Cons

Pros

- Affordability: It provides great value for the features it offers.
- Versatile Use: Suitable for a variety of events, from small parties to larger venues.
- User-Friendly: Easy setup and operation even for beginners.
- Solid Build Quality: The flight case adds durability and protection during transport.
- Impressive Color Options: The RGBW feature allows for creative lighting effects.

Cons

- Limited Advanced Features: It may lack some high-end features found in pricier models, like advanced DMX control.
- Slightly Noisy: Some users have reported that the fans can be a bit loud during operation.
- Not as Bright as High-End Models: While it performs well, it may not be as bright as more expensive counterparts.

Conclusion: Should You Buy It?

If you're in the market for a quality moving head light that won't drain your wallet, the SHEHDS 8x12W RGBW Multicolor LED Bar Beam Moving Head Light is a solid investment. It's versatile, portable, and delivers impressive performance, making it perfect for both amateur and professional use.

I would recommend this product to a friend without hesitation. The combination of features, affordability, and free shipping makes it a no-brainer for anyone looking to enhance their lighting setup.

Quick FAQ Section

Is the SHEHDS moving head light suitable for outdoor use?

Yes, the SHEHDS 8x12W light is suitable for outdoor events, provided it is not exposed to heavy rain or extreme weather conditions.

Can I control the lights using DMX?

While it does have some basic control options, it may not have the advanced DMX features found in pricier models. Check the specifications for full details.

How long does shipping take?

With free shipping, you can typically expect delivery within a few days, depending on your location.

Is it easy to set up?

Absolutely! The SHEHDS light is designed for easy setup, even for those who may not be tech-savvy.

What kind of events is this light suitable for?

This light is great for DJ sets, concerts, parties, weddings, and any venue that requires dynamic

lighting.

Final Thoughts

In conclusion, the SHEHDS 8x12W RGBW Multicolor LED Bar Beam Moving Head Light with Flight Case is a fantastic choice for anyone in need of quality lighting on a budget. Its features, portability, and performance make it a valuable addition to any lighting setup. With free shipping and a price that won't break the bank, it's worth considering for your next event. Don't miss out on the opportunity to elevate your lighting game!

Customer Reviews

I recently purchased the SHEHDS 8x12W RGBW Multicolor LED Bar Beam Moving Head Light and I couldn't be happier with my decision! The moment I unboxed it I was impressed by the build quality and the included flight case – it's perfect for transporting to gigs.

The light output is absolutely stunning! The RGBW colors are vibrant and really bring any venue to life. Whether it's a small party or a large event these lights create an amazing atmosphere that keeps the energy high. I love how versatile they are; the moving head feature allows for dynamic lighting effects that wow the crowd.

Shipping was incredibly fast which was a pleasant surprise. I had these lights set up and ready to go in no time. I highly recommend the SHEHDS LED Bar to any DJ or venue looking to elevate their lighting game. This investment is worth every penny! You won't regret it! 

Questions & Answers

What are the main features of the SHEHDS 8x12W RGBW LED Bar Beam Moving Head Light?

The SHEHDS 8x12W RGBW LED Bar Beam Moving Head Light features 8 high-powered 12W RGBW LEDs, multiple color mixing options, adjustable beam angles, and various lighting effects, making it ideal for DJs and event venues.

Is the SHEHDS LED light suitable for outdoor use?

While the SHEHDS LED light is designed for strong daylight and can be used in various lighting conditions, it is advisable to use it in covered outdoor settings as it may not be fully weatherproof.

What is included in the package with the SHEHDS LED light?

The package includes the SHEHDS 8x12W RGBW LED Bar Beam Moving Head Light along with a flight case for easy transport and protection during travel.

How does the moving head feature enhance performances?

The moving head feature allows for dynamic lighting effects and the ability to control the direction and movement of the light, adding visual excitement and versatility to performances.

What kind of events is the SHEHDS LED light best suited for?

The SHEHDS LED light is ideal for a variety of events including DJ sets, concerts, parties, and theatrical performances due to its powerful lighting capabilities and multicolor options.

How fast is the shipping for the SHEHDS LED light?

The SHEHDS LED light typically offers fast shipping options, ensuring that customers receive their product promptly, often within a few days depending on the location.

Can the SHEHDS LED light be controlled remotely?

Yes, the SHEHDS LED light can be controlled via DMX or remote control, allowing for easy adjustments to settings and effects during performances.

What are the power requirements for the SHEHDS LED light?

The SHEHDS LED light operates on standard AC power, typically requiring a voltage of 100-240V and a frequency of 50/60Hz, making it compatible with most power sources.

Does the SHEHDS LED light have any built-in lighting programs?

Yes, the SHEHDS LED light comes with several built-in programs and effects, allowing users to easily create light shows without extensive programming knowledge.
